Packing

We strongly recommend that all freight be packed into wooden crates or cases. All cases/cartons/pallets should be marked with the following:

Asian Securitex 2002, C/o Trans-Link Exhibition Forwarding (HK) Ltd
Case number (1 of 3, 2 of 3 etc)
Name of exhibitor
Stand Number/ Hall Number
Name of show
Destination

You will be provided with case labels for the return shipment.

All wooden packing material must meet ISPM 15 requirements, ie the timber should have been treated to eliminate all pests. Treated timber is usually marked as such. This is now a requirement under EU law for all packing materials entering into the EU.

Excise Goods

Wherever possible, please avoid packing excise goods. All destinations have limits on the duty free importation of alcohol and cigarettes. Please check with us before shipping.

Return Goods

During the show, a Meritex Representative will contact you on the stand to discuss the return shipment. Written instructions will be taken and a copy given to your site representative.

Insurance

We strongly advise that you cover your consignment under an all risks policy. Meritex can arrange the cover for you if required for an additional charge.

Terms of payment

Under our standard trading conditions, unless credit terms have been agreed in advance, invoices are payable immediately upon uplift of goods. Return consignments will only be released upon full settlement of account.
