Exhibition Shipping Instructions Thailand

Please ensure you read the following instructions before despatching goods to us. If there are any points that are unclear or you require further information then please do not hesitate to contact us.

Consolidation point – UK

We can arrange collection of your freight from anywhere within the UK. However, if you wish to deliver direct to us please send your consignments to our London terminal, and pre-advise us of its estimated arrival.

Meritex International Freight Services Ltd
C/o MPCo
Chessington Industrial Estate
Davis Road
Chessington
Surrey KT9 1TT

Customs Clearance

We will require 3 original Commercial Invoices (combined with packing list) in order for our agents in Malaysia to complete the customs formalities – see attached example.

Please note that we will also require a sample set of the catalogue you will be sending to this show.

Films and video tapes need to go through a censorship procedure so please either avoid freighting these items, or if it is absolutely necessary please package separately and contact Meritex immediately for a deadline date for these items.

For high value consignments we recommend that consignments are covered by an ATA Carnet. The exhibitor can either provide an ATA themselves or we can arrange it on your behalf.

Directors: HRF Osborne, PA Saunders. Registered in England No: 3617385. VAT no. 717 790214
Registered Office: Meritex International Freight Services Ltd, Baltic Wharf Business Centre,
St Peters Quay, Totnes, Devon, TQ9 5EW, UK.

All business is transacted subject to the standard trading conditions of the British
International Freight Association (2005 edition), a copy of which is available on request.

Packing

We strongly recommend that all freight be packed into wooden crates or cases. All cases/cartons/pallets should be marked with the following:

GLASSTECH 2007
C/O Trans-Link Express (Bangkok) Co. Ltd
28th Floor Panjathani Tower
127/33 Nonsee Road, Chongnonsee
Yannawa, Bangkok 10120, Thailand

Case number (1 of 3, 2 of 3 etc)
Name of exhibitor
Stand Number/ Hall Number
Venue

You will be provided with case labels for the return shipment.

All wooden packing material must meet ISPM 15 requirements, i.e. the timber should have been treated to eliminate all pests. Treated timber is usually marked as such. This is now a requirement under EU law for all packing materials entering into the EU.

Excise Goods

Wherever possible, please avoid packing excise goods. All destinations have limits on the duty free importation of alcohol and cigarettes. Please check with us before shipping.

Return Goods

During the show, a Trans-Link Representative will contact you on the stand to discuss the return shipment. Written instructions will be taken and a copy given to your site representative.

Insurance

We strongly advise that you cover your consignment under an all risks policy. Meritex can arrange the cover for you if required for an additional charge.

Terms of payment

Under our standard trading conditions, unless credit terms have been agreed in advance, invoices are payable immediately upon uplift of goods. Return consignments will only be released upon full settlement of account.
